

PRESS RELEASE

"WE BUILD VALUE"

SALINI IMPREGILO'S NEW MAGAZINE, ONLINE FROM OCTOBER 1ST

Milan, 28 September 2015 - "We build value", the News Magazine of the Salini Impregilo Group will be online from October 1st.

It can be reached directly through www.webuildvalue.com or through www.salini-impregilo.com. In English and in Italian, it offers declarations, interviews, reportages and in-depth analyses on the great topics that concern the global economy and the current megatrends. It greatly focuses upon the infrastructure sector and large works, where the Salini-Impregilo Group plays a key role globally.

The First Issue deals with these topics: the impact of infrastructural investments on development, which is explained in detail by the senior economist of the OCSE, Mr. Andrea Goldstein; the effects of the "megacity boom" according to Mr. Hugues de Jouvenel, Chairman of "Futuribles International"; the 2016 economic forecasts, which have been drawn by Mr. Olivier Blanchard, Director of the Research Department of the International Monetary Fund. And again: a reportage on Ethiopia, one of the five fastest growing economies in the world; an article concerning the U.S. Government Investment Programme aimed at re-launching large works; and finally, an analysis of the development policies adopted in the last years by the Countries of the Arabian Peninsula. But the reader will also be offered an interesting description of some of the sector's most innovative works, works that have been realised by the Salini Impregilo Group.

Inspired by "corporate journalism" principles, this new online Magazine follows the steps of many global Companies, which aim at becoming media companies or producers of news articles and corporate culture that appeal to the excellence of the sectors in which they work.

"We build value", the online Magazine, aims for these very reasons at becoming an independent and authoritative creator of quality content, offering a picture of the world and of its levers of growth, even through the industrial mission and work that the Salini Impregilo Group is carrying out in more than 50 Countries.

Salini Impregilo is a global leading player in the construction of major infrastructures, specializing in the Hydro and Dams, where the Group is the world's leader, as well as in the Railways, Metro systems, Roads & Motorways. The Group has been active for more than 100 years and today it operates in more than 50 countries, across five continents, with more than 30,000 employees. At the end of 2014 its turnover was €4.2 billion with a backlog of €32 billion. Salini Impregilo Group is headquartered in Italy and is listed at the Milan Stock Exchange (Borsa Italiana: SAL; Reuters: SALI.MI; Bloomberg: SAL.IM).
