SALINI IMPREGILO: VOLUNTARY DISCLOSURE OF ADDITIONAL INFORMATION ABOUT THE FIRST AND THIRD QUARTERS

Milan, October 25, 2016 - The Board of Directors of Salini Impregilo S.p.A. (MTA: SAL) met today and reviewed the disclosure policy to the market concerning the first and third quarters additional information, in accordance to Consob consultation document dated August 5, 2016 and the proposed regulatory amendment contained therein.

The Company confirms its compliance with the new regulatory framework having opted for not publishing interim first and third quarter financial results, as already communicated on April 28, 2016. However, the Board has today resolved to proceed with voluntary disclosures for the first quarter and first nine months of the year, containing additional information including new orders data and qualitative updates on business performance and the year-end guidance.

This decision reflects the Company's intention to provide on a regular basis the market with relevant information about the Company performance. The Board of Directors of Salini Impregilo S.p.A. believes that this additional data will provide a broader comprehension framework rather than just semiannual and annual disclosures.

The additional information regarding the first quarter and first nine months of the year will be disclosed within 45 days from the end of the relevant period, on the dates reported in the calendar of corporate events published in the Investor Relations section of the Group's website.

The next disclosure to the market is scheduled for November 10, 2016.
