

## PRESS NOTE

### **WEBUILD TOGETHER WITH THE COMMUNITY OF SANT'EGIDIO FOR THE HUMANITARIAN EMERGENCY IN UKRAINE**

*Milan, March 15, 2022* - Faced with the human drama that is unfolding in Ukraine, the Webuild Group has decided to support the Community of Sant'Egidio on site to assist the Ukrainian population in facing Ukraine's humanitarian emergency.

The Group, currently not active in Ukraine has made a donation to support the extraordinary aid programme for the Ukrainian population launched by Sant'Egidio: A concrete gesture estimated, to benefit 2,000 Ukrainians. It expresses the Group's closeness to those experiencing the tragedy and the consequences of the war, mainly women and children.

The Community of Sant'Egidio, has been active for over 30 years in Ukraine in the cities of Kiev, Lviv, Ivano-Frankivs'k, Karkiv and Žovti Vod as well as in Donbass. The Community of Sant'Egidio, thanks to the network of members and local volunteers available in the area, is providing first assistance (food, water, accommodation and essential non-food goods) to people on the move, and to those who have no way to flee, paying particular attention to the most vulnerable.

The funds made available by Webuild will be destined to support children remaining in Ukraine who are in need of goods and services, to facilitate a safer evacuation for those fleeing from war areas, and also through the distribution of food products, personal hygiene items and other basic necessities. Resources will also be made available to support reception and integration paths in Italy for Ukrainian refugees.

*Webuild, the new group born in 2020 from Salini Impregilo, is a leading global player in the construction of large, complex projects for sustainable mobility, clean hydro energy, clean water, green buildings, supporting clients in achieving sustainable development goals (SDGs). The Group is the expression of 115 years of engineering experience applied in 50 countries, on five continents, with 70,000 direct and indirect employees, from over 100 nationalities. Recognized for five years by Engineering News-Record (ENR) as the world leader in water infrastructure (such as dams, hydraulic tunnels, water and wastewater management, and water treatment and desalination plants), it ranks since 2018 among the top 10 in the environment sector. It also leads the sustainable mobility sector (especially metro and rail lines, in addition to roads and bridges). A signatory to the United Nations Global Compact, the Group's expertise lies in projects such as the Milan M4, Grand Paris Express, Copenhagen Cityringen, Sydney Metro Northwest in Australia, Red Line North Underground in Doha, Line 3 Metro in Riyadh; high-speed railway lines in Italy; the new Genoa Bridge in Italy and the new Gerald Desmond Bridge in Long Beach, California; the expansion of the Panama Canal; the Snowy 2.0 hydroelectric plant in Australia; the Rogun Dam in Tajikistan; the Anacostia River Tunnel and the Northeast Boundary Tunnel in Washington, D.C.; the Al Bayt Stadium, which shall host the 2022 World Cup in Qatar. In 2021, the Group's total order backlog reached €43.3 billion, with 92% of the backlog of construction orders involving projects supporting the SDGs set by the United Nations. Webuild, subject to direction and coordination by Salini Costruttori SpA, is headquartered in Italy and is listed on the Milan Stock Exchange (Borsa Italiana: WBD; Reuters: WBD.MI; Bloomberg: WBD:IM).*
