

PRESS NOTE

LANE (WEBUILD GROUP) WINS \$102 MLN (€94 MLN) CONTRACT TO UPGRADE, IMPROVE SAFETY ON HIGHWAY INTERCHANGE IN FLORIDA

**I-4/APOPKA-VINELAND ROAD (SR 535) INTERCHANGE PROJECT
IMPORTANT ACCESS POINT FOR TOURIST ATTRACTIONS**

MILAN, August 3, 2023 – Lane, the U.S. subsidiary of the Webuild Group, has won a \$102-million (€94-million) contract for the design and partial reconstruction of the interchange at the Interstate 4 (I-4) highway and the Apopka–Vineland Road (State Road 535) in Orange County, Florida in order to improve traffic flow and enhance driver safety.

Serving more than 150,000 vehicles per day, the interchange is a major access point to Walt Disney World, hotels, shopping outlets and resorts in the area.

Commissioned by the Florida Department of Transportation, the contract includes realigning the westbound I-4 entrance ramp from southbound Apopka-Vineland Road, building a new loop ramp from the road northbound to westbound I-4, lengthening the westbound I-4 exit ramp to Apopka-Vineland Road, and road resurfacing, along with other auxiliary works.

Lane will use recycled asphalt pavement, concrete, and steel in the latest example of the Group’s commitment to make the construction process as sustainable as possible.

Construction is scheduled to begin in 2024 once the design phase has been completed.

Lane has a significant presence in Florida. In April, it and a joint-venture partner became the preferred team in exclusivity for a project to modernise the Westshore Interchange (I-275/S.R. 60) in Tampa, Florida. Also in Tampa, it is widening a section of the I-275. In the greater Orlando area, it is completing the Poinciana

Parkway. Also in Orlando, Lane is working on a beltway at the intersection of the I-4 and S.R. 417, as well as completing the Wekiva Parkway (S.R. 429).

Webuild is a global leader in the design and construction of large, complex projects in the sectors of sustainable mobility (rail, metro, bridges, roads, ports), hydropower (dams, power plants), water (treatment and desalination plants, wastewater management, irrigation dams) and green buildings (civil and industrial buildings, airports, stadiums, hospitals). It supports clients in achieving the Sustainable Development Goals (SDGs) established by the United Nations. The recognised leader in infrastructure for the water sector, it operates in 50 countries. It has 85,000 direct and indirect employees from 100 nationalities, and a supply chain of more than 17,500 businesses. In its 117 years of applied engineering on more than 3,200 projects, the Group has built 14,118 kilometres of rail and metro lines, 82,509 kilometres of roads and highways, 1,018 kilometres of bridges and viaducts, 3,396 kilometres of tunnels, and 313 dams and hydropower plants. Projects include the Genoa San Giorgio Bridge, the second Panama Canal, the Lake Mead Third Intake hydraulic project near Las Vegas in the United States, the Airport Line in Perth, Australia and the Stavros Niarchos Foundation Cultural Center in Athens. Projects under construction include the Brenner Base Tunnel, Line 4 of the Milan metro system, the Terzo Valico dei Giovi-Nodo di Genova in Italy, and the North East Link of Melbourne in Australia. As of June 30, 2023, the Group had total orders worth €61 billion, with more than 90% of the Group's construction backlog related to projects linked to the advancement of the United Nations 2030 Sustainable Development Goals (SDGs). Webuild, subject to the direction and coordination of Salini Costruttori S.p.A., is headquartered in Italy and is listed on the Milan stock exchange (WBD; WBD.MI; WBD:IM). Since 2021, it is member of the MIB ESG, the index of Italian companies with the best ESG practices.
