WEBUILD: PROUD OF THE SUCCESS OF ITALIAN ATHLETE ZAYNAB DOSSO, PROTAGONIST OF "WEBUILD FOR SPORT" CAMPAIGN

Milan, March 24, 2025 – Italy is once again on the podium with Zaynab Dosso, who in China, during the Nanjing indoor athletics world championship, won the silver medal for the 60-metre-dash. Dosso's win follows the recent Italian record of 7"01 and her gold medal won at the European championship. She is one of the five Italian female champions, sport icons and protagonists of the "Webuild for Sport. Building a dream: Stories of Female Champions" campaign, launched by Webuild, last August.

The campaign brings sport and engineering together with the message 'We dream, we build, we win', connecting the stories of these female champions to the ones of the women and men who daily work in approximately 150 projects that the Group is currently building in almost 50 nations, globally. In this campaign, [Dosso](#), with the Italian athletes [Caterina Banti](#) (sailing), [Alice Bellandi](#) (judo), [Angela Carini](#) (boxing) and [Antonella Palmisano](#) (athletics), embodies resilience, passion, tenacity, audacity and perseverance: the very same values that inspire Webuild when it builds its complex, innovative works that contribute to building a better future.

The Webuild Group supports sport as an instrument for personal growth, meritocracy and inclusion. Webuild, just as for the sport, in its global construction sites, promotes emerging talent, enhancing diversity and investing in ongoing training to build a sustainable future.

Webuild is a global leader in the design and construction of large, complex infrastructure projects in sustainable mobility, hydropower, water treatment, and green buildings. A recognized leader in the water sector, it works in approximately 50 countries with over 92,000 people of 125 different nationalities. The Group boasts nearly 120 years of applied engineering on more than 3,700 completed projects, with a track record of 13,648 kilometres of railways, 891 kilometres of metro lines, 82,577 kilometres of roads and highways, 1,022 kilometres of bridges and viaducts, 3,462 kilometres of tunnels, and 318 dams and hydropower plants. Among its most famous projects: the expansion of the Panama Canal, the Long Beach International Gateway bridge in California, the Third Bosphorus Bridge in Turkey, the Sydney Metro Northwest skytrain viaduct and bridge, the Kingdom Centre skyscraper in Riyadh, Saudi Arabia, and

numerous metro lines in Copenhagen, Paris, Rome, Milan, Naples, Doha, Thessaloniki, and Riyadh. Among the main ongoing projects, the following stand out: the New Genoa Breakwater, the Brenner Base Tunnel, Line C of Rome's metro network, the high-capacity railways between Genoa and Milan, the high-speed railway between Naples and Bari, the Palermo-Catania-Messina high-capacity railway, the Snowy 2.0 hydropower scheme in Australia, and the Trojena dam network in Saudi Arabia. As of December 31, 2024, the Webuild Group registered total revenues for €12 billion and a total backlog of €63 billion, with more than 90% of its construction backlog related to projects linked to the United Nations Sustainable Development Goals (SDGs). Webuild, subject to the direction and coordination of Salini Costruttori S.p.A., is headquartered in Italy, is listed on the Milan Stock Exchange, Borsa Italiana (WBD; WBD.MI; WBD:IM), and since 2021, it is included in the MIB ESG index of the Italian blue-chip companies with the best ESG practices.
